

One-Year Limited Labor Warranty

This Limited Labor Warranty covers labor charges for repair work of the equipment installed by Quality West Heating & Cooling. Warranty is effective on the date of installation and ends on the 1-year anniversary date. Diagnostic and repairs must be performed by Quality West Heating & Cooling to be covered.

Warranty Limitations: does not cover damage caused by water, fire, weather, natural disaster, acts of God, vandalism, theft, alterations, relocation, operator error, misuse, or neglect. Warranty is valid for original purchaser only and is non-transferable. Any issues related to the workmanship of the installation must be brought to the attention of Quality West Heating & Cooling within one year of installation to be covered under warranty, regardless of the length of any additional labor warranties included or purchased. If any terms of this warranty conflicts with an Installation Agreement or Invoice, the signed Agreement or Invoice will prevail.

Required Maintenance: Appropriate filters must be used (if applicable) and replaced per manufacturer written specifications to keep warranty valid.

How to schedule warranty repair service: If purchaser experiences a problem with the equipment, contact Quality West Heating & Cooling at 303-522-9597 to schedule a diagnostic service call during normal business hours. If the reported problem is unfounded, deemed to be due to operator error or resulting from situations excluded by warranty limitations, purchaser will be charged current company rates for the diagnostic service call, plus the fees for any repairs necessary to restore equipment to proper working order (if applicable).
